## **PUBLIC HEALTH NOTICE**

Public Health Outaouais has been informed on the 17<sup>th</sup> of August that cyanobacteria are apparently present in Downey's Bay.

There is no public water pumping system in the Bay. However, following the information the Ministry of Health and Social Services gathered, they recommend the Municipality **inform the residents of the Bay who might pump water directly from the Bay that this water is non drinkable.**

**Blue-green algae blooms can make your pet extremely sick, and they can die from coming into contact with water contaminated by blue-green algae.**

Regarding water activities such as swimming, fishing and kayaking, you can find all the information about these on the Ministry for Environment's website ([https://www.quebec.ca/en/health/advice-and-prevention/health-and-environment/preventing-health-problems-associated-with-blue-green-algae?fbclid=IwAR2IMK5UN9MrJ4U0-IVrErXjxd88xFdNom\\_tToqlrxTjl8hRnouKGeqTYcY](https://www.quebec.ca/en/health/advice-and-prevention/health-and-environment/preventing-health-problems-associated-with-blue-green-algae?fbclid=IwAR2IMK5UN9MrJ4U0-IVrErXjxd88xFdNom_tToqlrxTjl8hRnouKGeqTYcY) and <https://www.environnement.gouv.qc.ca/eau/algues-bv/index.asp>).

GIVEN BY SIMON TESSIER, INTERIM DIRECTOR GENERAL, THIS AUGUST 17, 2022

## **AVIS PUBLIC**

Santé publique Outaouais a été informé le 17 août que des cyanobactéries seraient présentes à Downey's Bay.

Il n'y a pas de système public de pompage d'eau dans la baie. Toutefois, suite aux informations recueillies par le ministère de la Santé et des Services sociaux, ils recommandent à la Municipalité **d'informer les résidents de la Baie qui pourraient pomper l'eau directement de la Baie que cette eau n'est pas potable.**

**Les proliférations d'algues bleu-vert peuvent rendre votre animal extrêmement malade et il peut mourir au contact de l'eau contaminée par des algues bleu-vert.**

Concernant les activités nautiques comme la baignade, la pêche et le kayak, vous trouverez toutes les informations à leur sujet sur le site du Ministère de l'Environnement
